Schedule of Fees and Charges

Transaction and Savings Accounts

Effective 18 December 2017

Schedule of Fees and Charges

What is the Schedule of Fees and Charges?

This Schedule of Fees and Charges outlines the fees and charges that apply to our Australian dollar and foreign currency savings and transaction accounts and general banking services. It also provides an explanation of when each fee will be charged.

Tips on avoiding fees and charges

1. Start by looking at your transaction records, keep a record of your monthly banking habits and review this to determine how you use your account.
2. Determine if you have the right Account to suit your needs. For example, if you make a large number of transactions per month, consider an Account with unlimited transactions, such as the fee free Citibank Plus Transaction Account.
3. Plan your cash withdrawals to avoid ATM operator direct charges.
4. If applicable, remember to maintain your minimum balance to avoid paying the Monthly Account Keeping Fee.
5. Check your balance regularly, be aware of direct debit dates and schedule your payments so all bills are paid on time and you have funds available.
6. Close any Accounts you don't use, or combine all your Accounts into one Citibank Account to avoid the monthly fees.
7. If you are not currently taking advantage of the Citibank Debit Card, check if it is available on your Account and order one today by calling CitiPhone Banking on 13 24 84. Avoid credit card interest rate charges and use your own money to access worldwide ATMs, international retailers and purchase online and over the phone.
8. Access copies of statements (up to 3 years) online at no charge to avoid the Statement Copy Fee (excluding Citibank Term Deposits).
